

# PLT for Seedlings

## Wisconsin Project Learning Tree (PLT) for Early Childhood

Foster a sense of wonder in young children through the *Wisconsin Project Learning Tree (PLT) Early Childhood Activity Guide and Music & Movement CD*. Designed for all early childhood educators, the hands-on activities integrate nature exploration, music and movement, literature, assessment opportunities, art and a snack into over 25 learning experiences. Children, ages 3 - 6, will experience the simple joys of discovery as they become nature detectives, dance with a tree, and take a simulated walk through a forest.

You can receive both training and the materials through an educator workshop. Workshops run 2.5 - 4 hours in length and cost \$10.00 per person. As a workshop participant you will experience interactive activities addressing different learning styles; learn how to easily add music and movement into your curriculum; and will take-home the activity guide, music and movement CD, posters, and other great resource materials.

**I am interested in (please check all that apply):**

- ☐ Attending a PLT Early Childhood workshop  
☐ Hosting a PLT Early Childhood workshop  
☐ Training to be a PLT Early Childhood workshop facilitator
